PROFESSIONAL PROFILE SUMMARY:

Detail-oriented Front End Web developer with more than 1 year experience working with HTML, CSS, JavaScript, React, and GitHub. Highly adept at both independent and collaborative projects, with an emphasis on landing page and website development.

EDUCATION & CERTIFICATIONS:

- **React.js Course, 2023, (Udemy) (currently learning)**
 - In-depth understanding of React.js fundamentals, including components, props, state, and JSX.
 - Proficiency in managing application state using React's Context API and Redux.
 - Experience in building dynamic and interactive user interfaces with React Router.
 - Knowledge of modern React features like Hooks for functional components.
 - Expertise in making asynchronous requests and handling data using React with Axios or Fetch.
 - Implementation of CRUD (Create, Read, Update, Delete) operations in React applications.
 - Practical experience with popular UI libraries and frameworks like Material-UI or Ant Design in React projects.
- **JavaScript Tutorial and Projects Course, 2022, (Udemy)**
 - Covered JavaScript basics, including variables, data types, operators, and control structures.
 - Explored advanced topics such as functions, closures, callbacks, and asynchronous programming using concepts like Promises and async/await.
 - Gained proficiency in DOM Manipulation, Event Handling, AJAX, Fetch API, and ES6.
- **HTML & CSS Tutorial and Projects Course, 2022, (Udemy)**
 - Acquired expertise in CSS Fundamentals, including selectors, properties, media queries, animations, and accessibility.
 - Mastered the use of Grid & Flexbox for responsive design.
 - Demonstrated proficiency in HTML fundamentals, covering tags, semantic elements, grouping and readability, inputs and validation, and modal implementation.
- **Bachelor's Degree in Education** (Mathematics and Science) and Funza Lushaka Bursary holder - Nelson Mandela University, graduated 2017
- **Nation Senior Certificate (Grade 12) – graduated 2013**
